3 Children Unharmd

A serious car crash on astoria blvd. left two cars in flaming wreckage but none of them sustained the slightest injury. The drivers of the vehicles were taken to Glen Cove hospital where they were pronounced in acceptable if badly mused condition. The vehicles themselves were doused by the fire department but little beyond stairs remain of them. Observers declared that it was a miracle none of the children were hurt in the fiery crash.

What's in the set? Any children? Children? Unharmd

That's right! Unharmd children!

The Universe is not astronomy

The Universe is what kind of things are in the set

3 Children Unharmd

A serious car crash on astoria blvd. left two cars in flaming wreckage but none of them sustained the slightest injury. The drivers of the vehicles were taken to Glen Cove hospital where they were pronounced in acceptable if badly mused condition. The vehicles themselves were doused by the fire department but little beyond stairs remain of them. Observers declared that it was a miracle none of the children were hurt in the fiery crash.

What's the universe? No! What is the set made of? The crash? Children?

That's right! The universe is children!

Why is the set interesting to the reader?

3 Children Unharmd

A serious car crash on astoria blvd. left two cars in flaming wreckage but none of them sustained the slightest injury. The drivers of the vehicles were taken to Glen Cove hospital where they were pronounced in acceptable if badly mused condition. The vehicles themselves were doused by the fire department but little beyond stairs remain of them. Observers declared that it was a miracle none of the children were hurt in the fiery crash.

Why is the set interesting? ? No, why does the reader care? Right!

See, there was this crash, and the children, uh, they weren't hurt.

Lion eats fish

Lions usually eat antelope, and other game but when fish are available lions become expert fishermen. Few can prepare baits and hooks like a hungry lion or lioness and they have hundreds of recipes for river and ocean fish, but they particularly love sushi.

5 Congressmen Indicted

A trap was sprung yesterday catching 5 congressmen. They were each presented with an opportunity to get advance notice of a buying opportunity for a particularly profitable Ukrainian IPO by a seductive woman lobbyist. Whether the affection of the lobbyist or the opportunity to make loads of cash was primarily on their minds is a matter of dispute among prosecutors but there is

Cat Saves Life

A man was saved by his pet cat after falling from his ninth floor apartment yesterday. The quick thinking cat jumped into his arms and while they fell gave his owner a lesson on landing. The owner desperately landed on his feet after the long fall but did break both ankles. He was placed under observation because he explained what his cat taught him convincing his doctors he was quite mad. ...

What's the universe? The indictment? Congressmen?

No! What is the set made of? That's right! The universe is congressmen!

5 Congressmen Indicted

A trap was sprung yesterday catching 5 congressmen. They were each presented with an opportunity to get advance notice of a buying opportunity for a particularly profitable Ukrainian IPO by a seductive woman lobbyist. Whether the affection of the lobbyist or the opportunity to make loads of cash was primarily on their minds is a matter of dispute among prosecutors but there is ...

Why is the set interesting? Justice? No, why tell the reader?

Um, the congressmen who cheated are in trouble. Right!

Lion eats fish
Lions usually eat antelope, and other game but when fish are available lions become expert fishermen. Few can prepare baits and hooks like a hungry lion or tigers and they have hundreds of recipes for river and ocean fish, but they particularly love sushi.

5 Congressmen Indicted
A trap was sprung yesterday catching 5 congressmen. They were each presented with an opportunity to get advance notice of a buying opportunity for a particularly profitable Ukrainian IPO by a seductive woman lobbyist. Whether the affliction of the lobbyist or the opportunity to make loads of cash was primarily on their minds is a matter of dispute among prosecutors but there is

Cat Saves Life
A man was saved by his pet cat after falling from his ninth floor apartment yesterday. The quick thinking cat jumped into his arms and while they fell gave his owner a lesson on landing. The owner dexterously landed on his feet after the long fall but did break both ankles. He was placed under observation because he explained what his cat taught him convincing his doctors he was quite mad....

3 Children Unharmd
A serious car crash on astoria bld, left two cars in flaming wreckage but no one of them sustained the slightest injury. The drivers of the vehicles were taken to Glen Cove hospital where they were pronounced acceptable if badly mused condition. The vehicles themselves were doused by the fire department but little beyond stains remain of them. Observers declared that it was a miracle none of the children were hurt in the fiery crash.

Cat Saves Life
A man was saved by his pet cat after falling from his ninth floor apartment yesterday. The quick thinking cat jumped into his arms and while they fell gave his owner a lesson on landing. The owner dexterously landed on his feet after the long fall but did break both ankles. What's in the set? A man No! No! No! No!
In this project a set needs at least 2 elements The cat? More than two!
The man and the cat That works

Cat Saves Life
A man was saved by his pet cat after falling from his ninth floor apartment yesterday. The quick thinking cat jumped into his arms and while they fell gave his owner a lesson on landing. The owner dexterously landed on his feet after the long fall but did break both ankles. He was placed under observation because he explained what his cat taught him convincing his doctors he was quite mad....

What's the universe? The apartment What kind of thing are both?
The man and the cat? Yes Mammals?
That's right! Mammals is a good universe

Cat Saves Life
A man was saved by his pet cat after falling from his ninth floor apartment yesterday. The quick thinking cat jumped into his arms and while they fell gave his owner a lesson on landing. The owner dexterously landed on his feet after the long fall but did break both ankles. He was placed under observation because he explained what his cat taught him convincing his doctors he was quite mad....

Why is the set interesting? A cat? No, why tell the reader?
Um, cats don't usually save people. Right!
